

Requirements for Levels and Movement.

The following policy is at the discretion of the CCSC Board.

CCSC mandate is to provide quality ice surface for each figure skating level matching skater's ability with levels of sessions. Our hope is to have a maximum of 24 skaters on each session but this is a guideline that depends on enrollment.

The skater requirements have been established for skating on the various ice times have been defined and are outlined below. These are the default requirements. In order to provide for optimal ice utilization during CCSC Programs, the Board has also established guidelines for moving skaters to other ice times which are also provided below.

Skating Programs Requirements

Pre-Junior

Must have passed all elements in Stage 4 of the Canskate program and be approved by the Lead Canskate Coach with recommendations from other Contracted CCSC Coaches.

Junior

Must have passed Stage 6 of the Canskate Program.

Intermediate

Must have passed full Star 3 (preliminary) test both elements and program.

Exceptions can be considered for utilizing ice surface, if skater is 14 years or older, must have a single flip or higher and preliminary dances completed.

Senior

Must have passed full Senior Bronze test both elements and program.

Adult

Skaters 18 of age and older. Current Skating level must be evaluated by a coach to determine if open adult or Learn-To-Skate adult is appropriate for skater.

Exceptions can be considered to best utilize ice surface, if skater has passed a part of the Sr. Bronze Freestyle test, or is 16 years of age or older and has completed full Star 4 freeskate (Jr. Bronze) Elements/Program as well as on of the Senior Silver Skills Test or completed Silver Dance Tests, must have strong axel and working on double jumps and the ability to keep up with senior skaters in group jump, spin and stroking sessions.

Important notes:

All exceptions will be considered with the input from the skater's coach and club contract coaches. In order for a skater to be moved to a higher level ice session an official email will be sent from the club email account. No email, no movement! Parents and skaters must respect these decisions of the Board once made.

Each year is a different skating year, all skaters will continue to register for their appropriate levels and skate at these levels unless officially notified by the club of ice surface changes.
